

"That They May All Be One"

- John 17:21

Established in 1999 by the VT Conference Department of Mission as an outgrowth of its commitment to social justice, the Uprooting Racism Task Force (URTF) works within our local UCC churches and our communities to create awareness of racism in Vermont, the white privilege that allows it to occur unchallenged, and the Christian imperatives that require us as members of a faith community to act against it.

To carry out our mission, we:

- Offer speakers, antiracism training workshops, and programs.
- Provide Sunday School and discussion materials, e.g., the Interfaith Racial Justice Education Offering (IRJEO).
- Help to develop and purchase antiracism resources for the Conference Resource Center, e.g., "Uncovering Racism in Vermont," a DVD produced by URTF.
- Give public witness, e.g., testifying before the Vermont legislature in support of Act 91, which defines and sets penalties for racial harassment in public schools.
- Plan and help fund workshops for the Vermont Conference Annual Meeting and Mission Connections.

URTF frequently collaborates with ecumenical organizations and other community groups. We also offer a small grant program to support antiracism programs and activities. For information contact Vermont Conference, United Church of Christ, 36 North Main St., Randolph, VT 05060-0430 (800-286-0248, 802-728-4999, info@VTCUCC.org).
