

Make a Difference Grant Committee

Jack Bixby, Chair

A Committee of the Board of Directors, the Make a Difference Grant Committee considers and approves small grants from Make a Difference Fund income to local churches for a wide variety of ministries. This past year, two grants were made, one to the United Church of Chelsea and one to Grace Church, Rutland. Another request is in the approval process. While funds are limited, churches are encouraged to make requests for projects that will “make a difference” in their communities.
